The celery

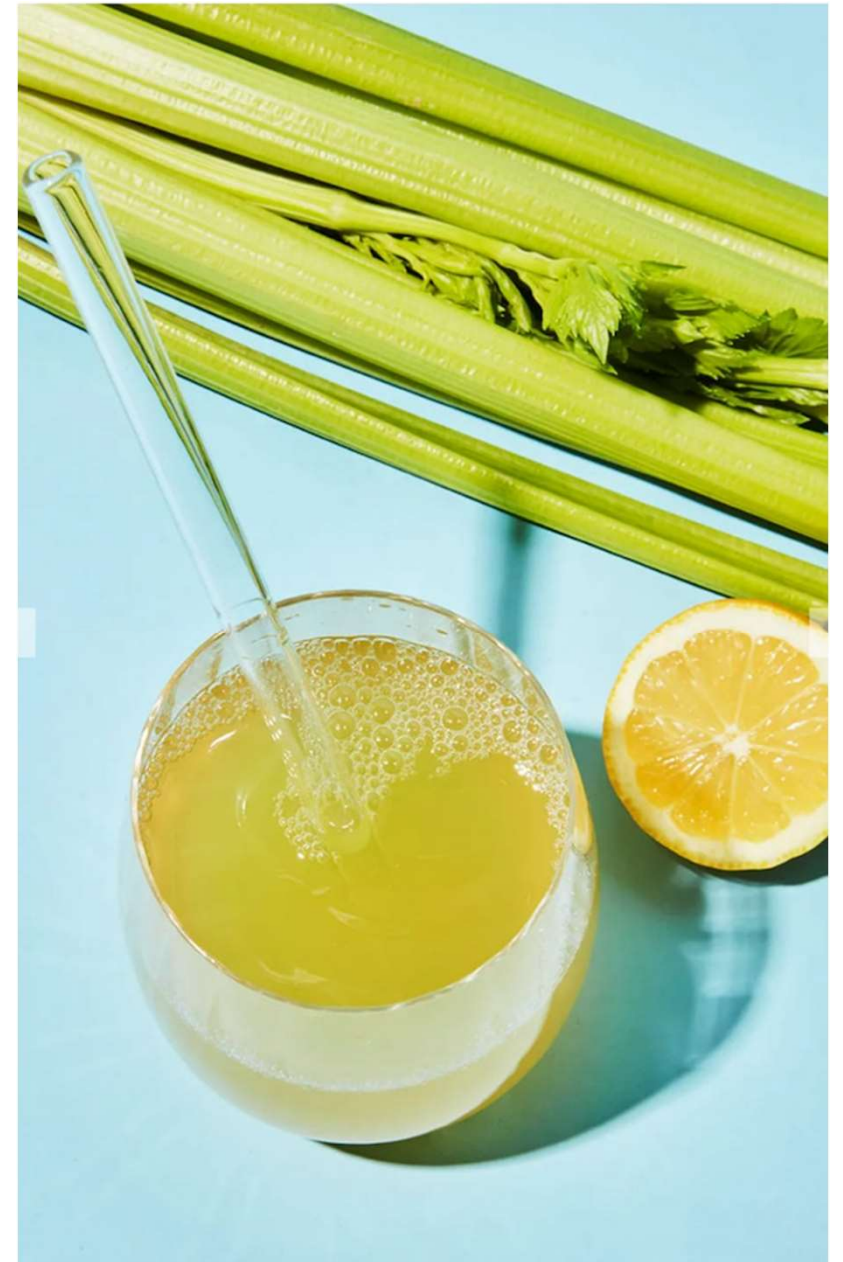

Irony on: celery juice - the juice every kid loves.

Joking aside: apple juice, pomegranate juice and cranberry juice are cool too, but for us, nothing beats a freshly squeezed glass of irresistibly delicious celery juice on a hot summer day. Celery juice is not for everyone, but it tastes really good!

We present you with a whole lot of celery juice in our 3 or 5-litre bag in box packaging.

Try our delicious celery juice, rounded off with lemon juice, and treat your palate to an exquisite delicacy.
